

MetLife's Dental Insurance is now available to our members. As a BPOE member, you have access to a nationwide network of over 135,000 dentist locations consisting of general and specialty dentists who have met well-established credentialing standards. Plus you'll enjoy:

- **Lower out-of pocket costs for in-network services**

The MetLife<sup>®</sup> Preferred Dentist Program (PDP) offers you plan benefits based on negotiated fees that typically range from 15% to 45% less than the average fees for the same or similar services charged by dentists in your area.\* All participating PDP dentists have agreed to accept negotiated fees as payment in full for in-network services rendered. The negotiated fees may extend to even for those services not covered by your plan and those provided after you've exceeded your annual benefits maximum\*\*.

\*Based on internal analysis by MetLife.

\*\*The negotiated fees for non-covered services may not apply in all states.

- **Freedom to use any dentist**

With MetLife's PDP, you can go to the dentist you're most comfortable with, even if he or she isn't in our network. But with over 135,000 participating dentist locations including over 30,000 specialist locations, - there's a good chance your dentist is part of the MetLife PDP. Plus, you'll be assured they've passed a rigorous selection process.

- **Less paperwork, less worries, and more service**

There's no paperwork if your dentist submits your claims for you. We can even give you a pre-treatment estimate while you're at the dentist. Plus, any time you want to check coverage, claim status or history or get an estimate, you or your dentist can get a quick answer by phone, fax or online, so you can get the information you want, when you want it.
